DESCRIPTION OF WORK FOR EXPENDITURE

The objective of this USDOT grant is to establish the Southeast Corridor Rail Commission to develop an actionable vision that will produce planning documents and deliver capital improvements targeted towards improved performance of the regional rail network. Under this vision, stakeholders and the public will benefit from an improved multimodal transportation system through the improved cooperation among the states (Virginia, South Carolina, Georgia, Florida and Tennessee as well as the District of Columbia), USDOT, FRA, regional agencies, localities and private companies.
